ADOPTION AGREEMENT

In consideration of receiving the animal described herein (the "animal"), the adopter named above makes the following representations, and agrees to be bound by the following terms and conditions.

1. I agree to provide this animal with adequate care and affection, access to food and fresh water, shelter, training, grooming, and exercise.
2. I agree not to abuse or physically harm this animal in any way.
3. I confirm that I am at least 18 years of age and have a valid state issued photo ID.
4. I agree to be financially responsible for this animal and provide proper veterinary care, including regular wellness visits and vaccinations, as well as any necessary emergency care due to illness or injury.
5. I confirm that I am adopting this animal for my own companionship and not for any other individual or organization, and that this animal will not be used for breeding, fighting, as a food source, or any form of profit.
6. I acknowledge that pet adoption is a commitment for the lifetime of this animal, which could be 12 years or longer. If I am unable to provide care for this animal, I will immediately contact ACC.
7. I agree to abide by all local, city, state and county animal control ordinances, including but not limited to any licensing and leash laws.
8. I am aware that every state has laws and regulations regarding the importation of animals and that if I choose to transport this animal across state lines, I am solely responsible for compliance those laws, including but not limited to obtaining a health certificate or providing appropriate quarantine if the animal is sick. I am aware that failure to comply with these laws and regulations can result in personal liability including fines and penalties. I agree to adhere to all applicable state and local laws and regulations if I import this animal to another state, and I waive all claims against ACC for liability arising out my failure to comply with these laws.
9. I acknowledge that the adoption fee is non-refundable.
10. I confirm that I received information on registering and updating the microchip for this animal.
11. I acknowledge that if ACC provided me with behavioral information for this animal the information was based on reports from this animal's previous owner, if available, and observations of this animal while in ACC's care. I acknowledge that this animal may display different behavioral traits while in my care, including aggressive or destructive behavior.
12. I confirm that I received the Medical History for this animal. I acknowledge that (i) the age listed for this animal is an approximation based on the condition of the animal and may not be accurate and (ii) this animal may have medical conditions that will require veterinary care and that these medical conditions may not have been documented in the Medical History. I agree that ACC will not be liable for any costs, veterinary or otherwise, that I may incur following my adoption of this animal.
13. I acknowledge that ACC makes no representations or warranties as to the age, health, temperament, habits or background of the animal that I am adopting.
14. I confirm that if the animal is a dog and I do not purchase a dog license, the dog will not reside in New York City.
15. I acknowledge that if the animal is a cat under six months of age, the adoption process has not been completed and legal ownership of the cat will not transfer to me until the date and time communicated to me by ACC, which is the end of the 72-hour period after the cat was admitted to ACC. If, prior to the end of the 72-hour period, ACC requests that I return the cat, I

will return it immediately. I understand that I may be subject to legal liability if I fail to return the cat to ACC upon request.

16. Pursuant to New York City law, all animals that leave ACC must be spayed or neutered. If this animal is not currently spayed or neutered, the following clauses (a) through (d) apply:
- a. I acknowledge that the adoption process has not been completed and legal ownership of this animal will not transfer to me until the animal has been spayed or neutered.
 - b. I agree to provide to ACC a spay/neuter deposit of a minimum of \$150.00 if this animal is unable to be spayed or neutered today, and I acknowledge that the animal will be in my temporary custody only and no ownership rights will transfer to me until the animal has been spayed or neutered. Per Section 16 below, I acknowledge that I am responsible for this animal's actions when in my custody, care or control.
 - c. Within 60 days, I will either return the animal to ACC to be spayed or neutered by a licensed veterinarian, or at my own expense have the animal spayed or neutered by a private licensed veterinary facility and provide proof to ACC. I acknowledge that I will forfeit the spay/neuter deposit if I do not have the animal spayed or neutered within 60 days.
 - d. If the animal will be spayed or neutered by ACC or its designated clinic, the following terms apply:
 - i. I understand that decisions regarding the use of anesthesia and therapeutic drugs and whether or not to conduct the spay or neuter procedure are in the discretion of the veterinarian treating the animal. I understand that there are inherent risks both during and after the spay or neuter procedure, which could lead to the death of the animal.
 - ii. I understand that, unless otherwise agreed or advised by ACC, the animal must be picked up the same day as the spay or neuter procedure and that if I do not pick up the animal, it will be considered abandoned after 24-hours and discharged in accordance with ACC's policies. I understand that if I abandon the animal, I may be held responsible for any medical, boarding, and other expenses related to the animal incurred by ACC or the designated clinic.

17. I hereby waive any claims against, and release and agree to indemnify, defend and hold harmless ACC, its employees, agents and volunteers, the City of New York, and the NYC Department of Health and Mental Hygiene, from and against any and all liability arising from claims, demands or causes of action, of any nature or kind, arising out this adoption or caused by this animal whether it is in my ownership or temporary custody, care or control accepting for myself the full responsibility for any and all such losses, damages, injuries or expenses.

I HAVE READ AND UNDERSTAND THIS AGREEMENT AND BY EITHER SIGNING DIRECTLY BELOW OR DIGITALLY SIGNING, I AGREE TO BE BOUND BY ITS TERMS.

Adoption Summary:

What my friends at ACC say about me:

I would do best in a home without very tiny humans, although I could be open to older human children once I meet them.

I will need daily physical activity to keep me healthy and happy!

I am playful and cute!

I'm ready to learn! I need a patient person who has the time to work on training with me.
